Hariom Foundry is a leading manufacturer and supplier of high-performance industrial castings and boiler spares, based in Howrah, West Bengal. With decades of experience, we specialize in producing quality CI castings, furnace doors, fire bars, sprocket shafts, skid bars, chain links, and customized ferrous and non-ferrous components tailored to client specifications. We serve a wide range of industries including power generation, steel, cement, sugar, and engineering sectors. Our focus on durability, precision, and timely delivery has earned us a solid reputation among OEMs, EPC contractors, and end-users across India. Every product we deliver is backed by robust quality checks and industry-standard compliance. Our state-of-the-art manufacturing unit is equipped to handle bulk as well as custom orders, ensuring both quality and efficiency. We aim to build long-term relationships with our clients by offering consistent performance, technical support, and responsive customer service. At Hariom Foundry, we believe in combining traditional expertise with modern practices to meet the evolving demands of the industry. Whether you need standardized spares or bespoke casting solutions, we are ready to partner with you. To know more about our offerings, please visit www.hariomfoundry.com or contact us directly.
