We are an ISO/TS 16949:2009 and ISO 9001:2008 Certified Manufacturer, specialized in manufacturing CNC Machined Components. We supply Custom Designed Parts & Assemblies for Engineering Applications. We supplies Machined Castings, Machined Forgings and Finished Components from Bar-Stock as per client's designs. We also provide secondary operations such as heat treating, plating, grinding, semi-assembly, etc. We have CNC Turning & Milling Facility to machine wide range of Components upto 700m.m. Diameter and 700m.m. Length in respect of part's shape and geometry. The machine-shop is supported by manual programming and various software programs to aid manufacturing. Qualified and Well-Trained Technical Staffs are appointed to ensure the Quality. Considering to tight schedules of some industrial projects, we can produce and dispatch custom designed parts within 3 to 8 weeks after receiving the order; depending upon material availability. We aim to evolve excellent, efficient and cost effective solution, amalgamated with innovations in the field of engineering with honesty; using creativity, technological intelligence and dedication. We measure our success by the value that we create for our customers.
