## BRAND INDIA ENGINEERING E-CATALOGUE

A.T.E. is a 75 year young, multifaceted engineering group encompassing manufacturing, industrial sales, distribution, and service spanning 8 industry verticals including textile engineering, cooling solutions, wastewater treatment, energy efficiency solutions, IoT for industry, flow technology, print and packing equipment and value enhancing solutions. In Textile Engineering segment, A.T.E. has a formidable presence both in conventional and technical textiles. TeraSpin, part of the A.T.E. group, manufactures precision components for spinning machines at its state-of-the-art eco-friendly manufacturing facility at Sari, near Ahmedabad in Western India. With a clear mandate of 'zero defect', 'zero rejection', 'excellence in quality', 'safety' and 'eco-friendly operations', TeraSpin has deployed a series of quality initiatives, such as ISO 9001:2008, ISO 14001:2004 and OHSAS 18001:2007 that ensures high quality products. All products are manufactured with a high degree of automation that helps achieve consistent quality on mass scale. TeraSpin's products are available for OEMs as well as for replacement in spinning mills in all major textile and machinery producing countries like China, Germany, India, Indonesia, Japan, Spain, Turkey, and Vietnam. TeraSpin also provides customised upgrade kits for roving frames and ring spinning machines.
