Design and manufacturing of bellows expansion joints/Rubber Expansion joints/Dismantling joints/Flange adopters/Plate flanges/skids for pumps and valves industries and supplied for many years

Products Description

Bellows expansion joints

Technical Details	As per EJMA,USA
ITC HS Code	848190
Certification Category	Product Standard
Certification/ Standard	ISO
Issuing Agency	Bureau Veritas
Date of Issue	21-10-2015
Date of Expiry	14-09-2018
Certificate Image	---
End Use Sectors	EPC contractors/engineering consultants/pumping stations contractors/pipeline contractors/static and rotating equipment manufacturers

BRAND INDIA ENGINEERING E-CATALOGUE

Product Images

Sectors of Interest	Refinery/fertilisers/chemical/petrochemical/water/waste water/power/paper/cement/steel
Is OEM Supplier?	Indigenous
Is After Sales Service Provider?	Remarks : Supplying very regularly to Kirloskar/Matther and Platt etc
Importance of niche products	Yes
Potential market of niche products	1.Used to absorb thermal expansion /vibrations of pipelines connected to pumps suction and delivery. 2.To use as dismantling joint and flange adopter for removal of valves and pumps for maintainance and reinstalling after maintainance.
Product Supply Record	All EPC Contractors/All pipeline contractors/All pumping station contractors/Engineering consultants/static and rotating equipment manufacturers/
Patented Technologies	Since 1994 till today to all major industries in India and few exports
Awards/Accolades
