No

Importance of niche products

Drilled End Surgical Suture Needles forms part of the main raw material for the Surgical Suture. The Drilled End Surgical Suture Needle is crimped to a suitable suture, sterilized and packed by the Suture attaching company. The other product we manufacture is the Eyed Surgical Suture Needle which is branded Sabre Suture. This can be seen first hand at our dedicated website for sutures namely [www.sabresuture.com](http://www.sabresuture.com)

Potential market of niche products

The surgical Suture Needle is a raw material for the Surgical Suture and used by all hospitals/medical surgeons
