The Allied Founders PVT. LTD. Is a ISO 9001:2015 certified company producing high quality industrial castings since 1968. We are one of the oldest foundries in a city of Belgaum, Karnataka India. We export 95% of our production to several countries. We are equipped with a state of the art mechanized foundry capable of manufacturing 3500 tons of quality castings per annum Cast iron and Ductile iron put together. We can produce castings with a weight range of 5.0 to 250.0 kgs (11.0-550.0 Lbs.) per piece. We are equipped with all the modern facilities needed for a green sand molding like Sand plant, track line, Simultaneous jolts squeeze machines, knock out system, Cold box core making machines etc. We use induction furnace only, for our melting process helping us control our metallurgy. We have 100 % testing facility in-house and can provide test certificates as per customer requirements. 2. MACHINING FACILITY We are equipped with full fledged machining facility with CNC and Convention machining for all the components produced in our foundry. We can supply fully machined precision components as per customer drawings. We have full fledged inspection facility in house, and we ship all the components with self-certification.
