We are pioneer manufacturers of Hydraulic accessories from India making a wide range of products used in varied industries - from agriculture to aerospace. Our Flexible Drive Couplings are the largest selling ones in India transmitting mechanical power between pump and motor. The unique single (GISSPR) and multi station Gauge Isolator Valves (GIMSPR - 2, 3, 4) are indigenously designed and manufactured with exacting standards. Our Pilot Check Valves (single and double) are made with precision engineering and are comparable and in many cases better than most in the world. That apart we are manufacturers of a variety of Oil Filters, Fluid Level Gauges and Filler Breathers required in the fluid power industry. Most of all, providing gainful employment in an empathetic atmosphere has been an underlying ethos of company for the last 36 years.

Products Description

Flexible Drive Coupling

Technical Details

Comes in 6 sizes HYDAX 19, HYDAX - 28, HYDAX - 38, HYDAX - 48, HYDAX - 55, HYDAX - 65

BRAND INDIA ENGINEERING E-CATALOGUE

ITC HS Code	841381
Certification Category	System Standard
Certification/ Standard	ISO
Issuing Agency	CPRS
Date of Issue	18-04-2017
Date of Expiry	17-05-2018
