We take pleasure in introducing Bharat Bijlee Limited as one of the leading electrical engineering equipment manufacturers in India. A multi-product organization, the company operates in two business segments, Power Systems comprising of Transformers and Turnkey Projects; and Industrial Systems comprising of Motors, Drives & Automation and Elevator Systems. Bharat Bijlee started manufacturing transformers in 1958 in technical collaboration with Siemens AG. And today with over 150,000 MVA of power transformers in operation we are one of the leaders in the Transformer Industry in India. Our State-of-the-art transformer plant has capacity to produce over 15000MVA per annum. We manufacture Power Transformers from 10MVA to 200MVA up to 400kV. We are ISO 9001-2008, ISO14001-2004, OHSAS 18001-2007 certified company by DNV and our testing laboratory is assessed and accredited in accordance with ISO/IEC 17025: 2005 standards by NABL. More than 200 units of 100MVA and above 220kV Power transformers are already installed in India and abroad. We have been exporting Power Transformers since 1968 and have more than 150 Power transformers installed in 25 countries spread over Middle East, South East Asia and Africa.

Products Description

Power Transformer
