Aerolex Cables is a leading manufacturer & exporter of most innovative wires, cables & conductors for demanding & technically challenging applications. The quality of Aerolex Cables makes it the preferred choice of cable and wire users throughout the world. Our product range includes PVC & Rubber submersible pump cables, welding cables, auto & battery cables, low voltage power & control cables, Single core flexible cables, Multi core flexible cables, earthing cables, earthing conductors, cables for solar & wind power, cables for railways & metro coach & cables etc. The cables are manufactured according to the national and international standards like IS, BS, UL, VDE, IEC, CENELEC HD, AFNOR, AS, NZ standards and as per customer specific requirements. There is a distinct advantage over other cables in terms of commitment to quality and service, complemented by superior technical expertise and latest state of the art manufacturing capabilities. We regularly work directly with customers, helping to design innovative and cost-effective solutions to the many challenges facing today's market. In this way, we act as a partner as well as a supplier to our customers, and thereby improve our own competitive position by helping improve theirs.

Products Description

BRAND INDIA ENGINEERING E-CATALOGUE

SUBMERSIBLE PUMP CABLES

Technical Details

Excellent Wet Electrical Properties. 1 core , 3 core , 4 cores Flat & Round cables with PVC & Rubber Insulation & Jacket Available in SQ MM sizes (European style) 1 sq mm to 240 sq mm and AWG sizes (North American style) 14 AWG to 500 MCM. With sequential Meter / Foot marking. Various voltage rating for different markets: 450 / 750 V, 600 V, 650/1100 V, 600/1000 V, 3000 V. Conforming to International Standards IS 694, BS 6500, IEC 60227, DIN VDE 0281, VDE 0282, BS 6007, UL 83, SABS 1574, AS 3191, AS/NZS 5000.1. Available in wide temperature range: -50°C to 105°C.

POWER & CONTROL CABLES

BRAND INDIA ENGINEERING E-CATALOGUE

Technical Details

heavy duty all-purpose flexible power cables used to supply power to temporary power requirement for exhibitions, events, fabrication sites, projects and as an extension cables in industry. All industries need to carry power to remote location in their factories for various maintenance jobs such as welding, drilling, fabrication, cutting or for DG sets

BRAND INDIA ENGINEERING E-CATALOGUE

Importance of niche products	<p>Tough & flexible cable with excellent moisture, abrasion & weather resistance. Safe, Reliable and power saving. Excellent Wet Electrical Properties. For secondary connection from welding machine to electrode holder for hand or automatic metal-arc welding in machine tool and motor car manufacturing, ship building, on assembly lines and for spot welding machines. Single & Twin Battery Cables with choice of PVC, Rubber & XLPE jacket Wiring of panels for use in high ambient temperatures.</p>
Potential market of niche products	<p>'Aerolex', we have identified the following values as being central to us and how we conduct our business. The Aerolex Mission Statement, Quality Policy and Strategic Plans are based upon the following core values. Absolute attention to Customers needs. Commitment to Innovation & Excellence. Successful Partnership with Employees, Customers, Suppliers and the Community. Be environment-friendly and environment conscious. Act with the highest standards of ethical conduct. Make reasonable profits.</p>
