JK MEDIRISE is a healthcare startups company in the international medical devices market. JK MEDIRISE is decade old believing in the statement to deliver the premier quality and international standard Medical device products for the healthcare and medical sector. # Products: * DENTAL IMPLANTS * TRANSFUSION / INFUSION * INTERVENTIONAL CARDIOLOGY * UROLOGY * GASTROENTEROLOGY * ANAESTHESIA * SURGERY * SURGICAL DRESSINGS * SURGICAL DISPOSABLE PRODUCT * MISCELLANEOUS JK MEDIRISE would like to invite you to consider possible business collaborations. Please visit our company website for more information. manufacturer, exporter, India, plastic, medical, surgical, disposable, consumables, devices, cannula, Cannulae, catheter, infusion, transfusion, Anesthesia, Respiratory, urology, surgery, cardiac, cardiology, stent, dental implants, prosthetics, gloves ,syringes ,needles ,sutures ,bandages

Products Description

IV Cannula/Intravenous Catheter/Peripheral perfusor

Product Category	Consumables
Product Sub-Category	Syringes, needles and catheters

BRAND INDIA ENGINEERING E-CATALOGUE

Technical Details

IV Cannula/Intravenous Catheter/Peripheral perfusor: Bevel type needle for easier less traumatic insert. Thin Wall FEP catheter with X- Ray opaque line. Flexible and kink resistant catheter is double tapered with rounded tip for smooth introduction and minimum discomfort to the patient. Injection port with one way valve and color coded cap for intermittent and safe administration of drugs during infusion. Flexible wings provide easy and secure fixation and also prevent skin contact with luer lock connector. High transparent flash back chamber for an easy view of returning blood. Luer lock cap for closing the proximal end of the catheter after removing the needle. Individual blister pack & ETO Sterilization Available in 14G,16G,18G,20G,22G,24G,26G Sizes
