Matrix Iron Foundry in short known as ' MIF ' was established in the year 2002. It is a ferrous foundry setup located in Eastern part of India. Today, the Foundry caters to the requirements of various segments ranging from Automotive, Tractor, Valve, Motor and Pump, Textile and General Engineering Industries. MIF has expertise in the production of Grey Cast Iron Casting with grades ranging from FG 200 upto FG 260. The company is setup with latest, sophisticated infrastructure with Machineries, Testing Equipments, Instruments & facilities to maintain Quality Assurance & Control to high precision accuracy required in the process, production & development of finest Castings. MIF can supply any type of Castings as per the customer's specification and drawing both in unmachined and machined condition. Its moulding and casting shops can make variety of castings ranging from 200 gm to 2500 kg a piece. Our prime motto is to provide utmost level of satisfaction to the prestigious clients. With our client centric approach, we have earned huge clientele based in India and abroad. Last but not the least, we always strive to create reliance and credibility among esteemed clients.
