Phoenix Medical Systems is a manufacturer of infant and maternal care products and assistive devices. Phoenix was created in 1989 with the goal of providing cost-effective and innovative neonate-care solutions. The mission of Phoenix continues to be to provide solutions that match the best in the world at very affordable prices. The Phoenix range of maternal and infant care products includes warming systems, jaundice management units, respiratory care equipment and obstetric and gynaecological tables. Phoenix also makes Smartcane, an electronic travel aid, refreshable Braille readers and standing wheelchairs. Phoenix products are used at thousands of hospitals across India and in 32 countries in Africa, Europe, the Asia Pacific region, South America and the Middle East.
