Established in 1990, Initiative Engineering has been at the forefront of providing indigenous products and solutions to the water treatment industry for the past twenty-five years. Focused on understanding the customer's needs, Initiative Engineering has, over the years, introduced innovative products to the Indian market. From DOSAMATIC (the non-electric proportional doser), manual MULTIPORT VALVES, niche less underwater lights DAZZLE, polyethylene pressure vessels HYDROSHELL to the highly popular EDOSE range of metering pumps, it has been one successful product after another.
