We are pleased to introduce ourselves as one of the largest Silent Genset Manufacturer in India having the single largest plant in India spread over 10 acres of land. We are 50-50 joint venture Company between C & S Electric Group, India a leader in switchgear components with Himoinsa Group, Spain (One of the largest Genset manufacturer in the world) CSH Silent DG sets are available in the range of 10 to 250 KVA with 'Ashok Leyland' diesel engines. Both these engines are well known for their ruggedness, economics of performance & high reliability. All these engines are based on water-cooled technology. These engines can be operated for long periods for prime power applications, require lowest maintenance cost, offer best-in-class fuel economy and meet the latest emission norms and are available with CPCB certification. Our manufacturing plant, located at Pantnagar, India is equipped with the latest machinery such as CNC punch press, state of art fully automated powder coating facility and computerised load testing equipment. All the products coming out of our plants conform to stringent quality control norms and are thoroughly tested for their performance.

Products Description

Diesel Generator (DG set)
