S.M.Associates, is an ISO 9001:2015 certified company, located in MIDC, Chikalthana, Aurangabad, Maharashtra, India. A small scale industry, manufacturing and supplying machined metal components. Equipped with necessary tooling, machineries, measuring instruments and skilled operatives to cater the customer requirements. The Plant area is 6400 Sq. Ft and covered area 2400 Sq. Ft. We manufacture various types of precision machined engineering and electrical components. The company machines components like Transformer Bushing Metal Parts, vacuum circuit breaker components, Current & Voltage Transformer Terminals, Instrument Transformer Terminals, Low Voltage Bushing, Oil Filling Plug, Tapchanger Studs, Oil Sampling Device, Standard & Custom made Flanges. The plant is capable of manufacturing of all type of precision machined components with the help of conventional and CNC machining facilities and maintaining quality standards with the help of Quality Management System and modern inspection equipments.

## Products Description

### Transformer Bushing Parts

Technical Details

Used in Transformer Lv And Hv Bushing parts used in Current, Voltage, Instrument Transformers, CT/PT/IVT Units & Tapchanger

ITC HS Codes

853890, 85049010
