We are pioneers in HALAR, PVDF, PP, ETFE & PFA Coating & Lining for the Equipment and Parts, which are used in API, BULK Drug, Pharmaceutical, Food, Fine Chemical, Inorganic Chemical, Petrochemical, Ore and Surface treatment. With great pride we would like to announce that now we have become a total IN HOUSE Manufacturing company for API Process equipment & Formulation Lines.

[Products Description](#)

CENTRIFUGE, SPARKLER FILTER, PRESSURE FILTER, FLUOROPOLYMER COATING

BRAND INDIA ENGINEERING E-CATALOGUE

Technical Details

Centrifugation is a technique of separating substances which involves the application of centrifugal force. The particles are separated from a solution according to their size, shape, density, the viscosity of the medium and rotor speed. Centrifugation is a process which involves the use of the centrifugal force for the sedimentation of heterogeneous mixtures with a centrifuge, used in industry and in laboratory settings. This process is used to separate two immiscible liquids.

ITC HS Code

848180

Certification Category

Product Standard

Certification/ Standard

ISO

Issuing Agency

TUV SUD

Date of Issue

02-06-2022

Date of Expiry

01-06-2025

Certificate Image

End Use Sectors

Product Images

Sectors of Interest

chemical coating , lining, rotolining, manufacture of chemical and pharma equipment

Is OEM Supplier?

Indigenous

Is After Sales Service Provider?

Yes

Importance of niche products

Centrifugation is a technique of separating substances which involves the application of centrifugal force. The particles are separated from a solution according to their size, shape, density, the viscosity of the medium and rotor speed. Centrifugation is a process which involves the use of the centrifugal force for the sedimentation of heterogeneous mixtures with a centrifuge, used in industry and in laboratory settings. This process is used to separate two immiscible liquids.

Potential market of niche products

PHARMACEUTICAL, CHEMICALS, FOOD INDUSTRY, COSMETICS

Product Supply Record

HEALTHCARE, BANGALDESH ACME LABORATORIES, BANGLADESH
