

COMPANY PROFILE

THRIVING. TRANSPARENT. TRUSTWORTHY.

ABOUT US

We are a manufacturing company in Brass industry from last 20 Years, since 2000.

This experience of manufacturing world-class quality products and supplying them locally has given us a reason for creating a global brand.

With a vision of becoming a globally renowned player in the brass manufacturing industry, we started a state-of-the-art manufacturing facility named Trierametals.

Trierametals is one of the leading companies producing non-ferrous and ferrous metal components used for various industrial applications.

Trierametals is a young and energetic company that started in 2021. When we say 20 years of experience we are a family-owned firm in metal manufacturing for the last 20 years and we are rebranding ourselves with the new name "Trierametals" in Global Market. Our parent company is named Parth Manufactures dedicated to local business.

VISION

To be a global enterprise providing innovative & value-based solutions for every industry we cater to.

MISSION

Trierera is committed to delivering excellence and superior value to our customers, shareholders, employees, and society at large.

VALUES

We are honest, fair, and transparent in all our dealings with the highest standards of ethics at the individual and corporate levels.

PRODUCT RANGE

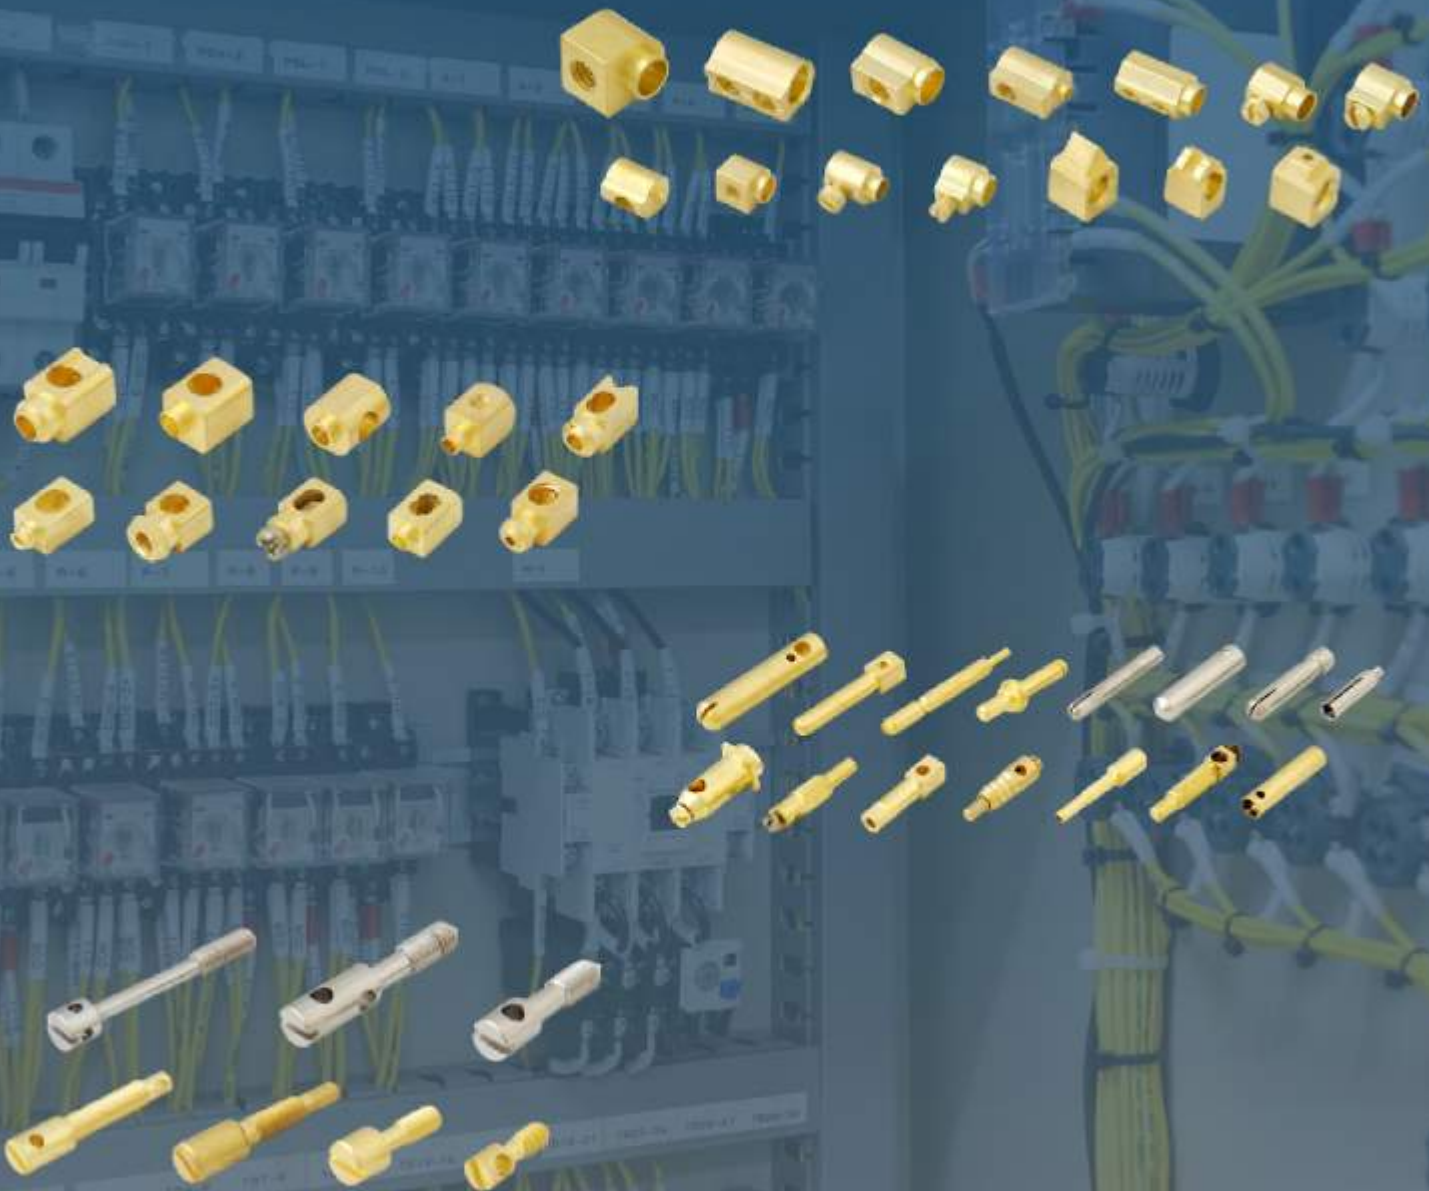

- **CABLE GLANDS & ACCESSORIES**
- **ELECTRICAL COMPONENTS**
- **ELECTRONICS COMPONENTS**
- **BRASS FITTINGS**
- **EARTHING & LIGHTING COMPONENTS**
- **CONDUIT FITTINGS & GLANDS**
- **BRASS FASTENERS**
- **BRASS INSERTS**
- **PRECISION TURNED COMPONENTS**
- **CUSTOMISED OEM COMPONENTS**
- **BRASS SANITARY COMPONENTS**
- **BRASS AUTOMOTIVE COMPONENTS**
- **COPPER PARTS & CABLE LUGS**
- **SHEET METAL COMPONENTS**
- **PLASTIC MOULDING PARTS**
- **ALUMINIUM AND MS TURNED PARTS**

RANGE OF CABLE GLANDS AND ACCESSORIES

"Tiera" provides a complete range of Cable Glands and Accessories. These products are manufactured as per all international standards as required by our customers. Customized products as per customer drawing and information can also be manufactured.

RANGE OF BRASS ELECTRIC COMPONENTS

"Tiera" provides a complete range of Brass Electric Components. These products are manufactured as per all international standards as required by our customers. Customized products as per customer drawing and information can also be manufactured.

RANGE OF BRASS ELECTRONIC COMPONENTS

"Tiera" provides a complete range of Brass Electronic Components. These products are manufactured as per all international standards as required by our customers. Customized products as per customer drawing and information can also be manufactured.

RANGE OF BRASS FITTINGS

"Tiera" provides a complete range of Brass Fittings. These products are manufactured as per all international standards as required by our customers. Customized products as per customer drawing and information can also be manufactured.

RANGE OF EARTHING & LIGHTING FITTINGS

"Tiera" provides a complete range of Earthing Accessories. These products are manufactured as per all international standards as required by our customers. Customized products as per customer drawing and information can also be manufactured.

RANGE OF CONDUIT FITTINGS & GLANDS

"Tiera" provides a complete range of Conduit Fittings. These products are manufactured as per all international standards as required by our customers. Customized products as per customer drawing and information can also be manufactured.

RANGE OF BRASS FASTENERS

"Tiera" provides a complete range of Brass Fasteners. These products are manufactured as per all international standards as required by our customers. Customized products as per customer drawing and information can also be manufactured.

RANGE OF BRASS INSERTS

"Tiera" provides a complete range of Brass Inserts. These products are manufactured as per all international standards as required by our customers. Customized products as per customer drawing and information can also be manufactured.

BRASS PRECISION TURNED COMPONENTS

"Tiera" provides a complete range of Brass Precision Turned components. These products are manufactured as per all international standards as required by our customers. Customized products as per customer drawing and information can also be manufactured.

CUSTOMISED OEM COMPONENTS

"Tiera" provides a range of customized OEM Components. These products are manufactured as per all international standards as required by our customers. Customized products as per customer drawing and information can also be manufactured.

RANGE OF BRASS SANITARY COMPONENTS

"Tiera" provides a range of Brass Sanitary Components. These products are manufactured as per all international standards as required by our customers. Customized products as per customer drawing and information can also be manufactured.

RANGE OF BRASS AUTOMOTIVE COMPONENTS

"Tiera" provides a range of Brass Automotive Components. These products are manufactured as per all international standards as required by our customers. Customized products as per customer drawing and information can also be manufactured.

COPPER TURN COMPONENTS & CABLE LUGS

"Tiera" provides a range of Copper Turned Components. These products are manufactured as per all international standards as required by our customers. All these parts are manufactured as per customer drawings and specifications.

SHEET METAL COMPONENTS

"Tiera" provides a range of Sheet Metal Components. These products are manufactured as per all international standards as required by our customers. All these parts are manufactured as per customer drawings and specifications.

PLASTIC MOULDING ASSEMBLY PARTS

"Tiera" provides a range of Plastic Moulding Components. These products are manufactured as per all international standards as required by our customers. All these parts are manufactured as per customer drawings and specifications.

ALUMINIUM , SS AND MS TURNED PARTS

"Tiera" provides a range of Turned Components. These products are manufactured as per all international standards as required by our customers. All these parts are manufactured as per customer drawings and specifications.

LIST OF MACHINERY WITH THEIR MACHINING ACCURACY

CNC Machines	8mm to 90mm Round & Hex
1" Automat single spindles	21mm hex, 25mm Round
1" Automatic Troub Machines	8mm - 25mm Round
3/4" Automat single spindles	16mm hex, 19mm Round
1/2" Automatic Machines	11mm Hex - 12.70mm R
1/2" Automat single spindles	11mm Hex, 12.7mm Round
1/2" Automat single spindles	11mm Hex, 12.7mm Round
1.1/2" Hand Operate single spindles	33mm hex, 38mm Round
1" Hand Operate single spindles	21mm hex, 25mm Round
3/4" Hand Operate single spindles	16mm hex, 19mm Round
1/2" Hand Operate single spindles	11mm Hex, 12.7mm Round
Forging Press 125 tonne	
Heating machine for forging press	
Power Press 10 tonne	
Powerpress 30 tonne	
Hand Press 5 tonne	
1" Hand Operate Tapping Machines	Upto M35 Thread
3/4" Hand Operate Tapping Machines	M8 Thread - M20 Thread
1/2" Hand Operate Tapping Machines	M3 Thread - M15 Thread
1/2" Hand Operate Drilling Machines	2mm - 12mm Hex
3 Hole Automatic Machines	upto 10mm
3 Hole Automatic Machines	Hex & Round from 5mm-10mm
Automatic Slotting Machines	Slotting From 5 to 12mm
Cutting Machines	2mm - 75mm Hex/Round
Dryers Dry Purpose	
Grinders For In-house Tooling's grinding	
Hand Operate Slotting Machines	Hex 5mm - 40mm

Note: In the case of CNC and Forging we outsource processes with our JOD work partners.

LIST OF MEASURING EQUIPMENT

- Surface Tester
- Vernier Caliper (Mitutoyo)
- Digital Vernier Caliper (Mitutoyo)
- Thread Ring Gauge
- Thread Plug Gauge (HIP Brand)
- Pin Gauge
- Special Radius Gauge
- Digital Micro Meter
- Torque Testing machine
- Special Structural gauges
